Why I **love** living at home

Living with your parents really isn't bad thing. Firstly, living at home is inexpensive. I have a friend who lives in a flat and it costs money that it's hard to believe! Another problem is that she lives long way from the city centre and our school. She has to travel every day for over one hour. But living with amazing people is the most important thing for me. My parents are caring and generous. They help me with my homework, they give me advice and they often drive me places in the car. My brother is really great too! He's funny, sensitive and enthusiastic about everything. He's my best friend. At weekends we all play games and just focus on having fun and spending time together as a family. I feel lucky to live at home and have positive people close to me.
