## Gretna Green

There's a really famous place for getting married in the UK. In fact, it's not only famous in the UK – people all over the world know about it. (1) \_\_\_ Every year more than 10,000 people travel long distances to get married here.

So, why is Gretna Green such a popular place to get married? It's quite simply because of its geography. If you travel from England to Scotland, it's the first village you come to after crossing the border. A long time ago in England, young adults under 21 weren't allowed to get married if their parents didn't agree. (2) \_\_\_ The result was that many young people in their late teens ran away to Scotland to get married. The first place they came to was Gretna Green. People say that Gretna first became popular in the 1770s when a new road made it easier for English people to travel there. (3) \_\_\_ The ceremony took place in the blacksmith's house and the blacksmith performed the service.

Today the legal age for getting married in the two countries is still different. In England, if you are aged between 16 and 18, you need your parents' permission. In Scotland, however, you don't! The idea of running away to get married is very romantic and there are lots of stories about Gretna weddings in books and films.

- A Therefore, a lot of people these days are choosing to get married.  
B In spite of this, the law on marriage was very strict.  
C In Gretna at that time, couples didn't get married in a church with a priest.  
D However, in Scotland the law was different and teenagers could get married without their parents' permission.  
E The place in question is a little village in Scotland called Gretna Green.
